ALL BRANCHES

GOOD FOOD * GREAT TIMES

Welcome to

M B U Z I M U N C H

All our goats graze free range & are compassionately raised. We only serve young animals with a carcass weight of around 13kgs thus guaranteeing the fresh flavour & tenderness of the meat.

Before the meat is barbequed, we add a special blend of herbs, spices, sauces and flavours for that authentic Kenyan Nyama Choma taste.

As all of our grilled meat dishes are prepared to order, please let your waitress know for beef or mbuzi how you would like it cooked - medium or rare or well done

With the exception of our state of the art kitchens, wherever possible our designers aim to include recycled or upcycled material such as the glassware which are made from bottles.

Our drinks and sauces are stored in recyclable containers.

We operate a Buy local, Buy Kenyan policy for equipment, supplies and services using local artisans wherever possible.

THE TASTE OF KENYA

As all of our food is prepared with fresh ingredients and made specially for each order, some dishes can take a little longer, so please check with your waitress if you're in a hurry!
